# Intraosseous Vascular Access: Clinical Principles for Success

#### Featuring Julliette Saussy, MD and Susan Rush, BSN, RN

Dr. Jullette Saussy is a board certified emergency medicine physician and a Fellow of the ACEP. She started her career in healthcare as an EMT and went on to become a paramedic. Dr Saussy graduated from Tulane University then worked full time for two years as a paramedic for the City of New Orleans, before entering med school at LSU School of Medicine in New Orleans. Dr Saussy trained in Emergency Medicine at Charity Hospital in New Orleans. She is currently an Assistant Professor in Emergency Medicine at LSU. Dr. Saussy is the former Director and Medical Director of EMS for the CIty of New Orleans, and currently serves as Medical Director of Clinical Affairs for Vidacare Corp., Shavano Park, TX.

Sue Rush, BSN, RN has nursing experience in the ED, orthopedics/neurosurgical floor, and transplant/telemetry at Johns Hopkins. Sue began her career as an Associate's degree prepared nurse from Anne Arundel Community College in Arnold, Maryland, and then received her BSN from Chamberlain College of Nursing in Illinois. Sue has a passion for teaching which made the position of Clinical Education for EZ-IO (a product she strongly believes in) an obvious easy decision. After nine months as a clinical educator for Vidacare she was promoted to Clinical Nurse Manager for the Southeast region.

The Children's Hospital of The King's Daughters is an approved provider of continuing nursing education by the Virginia Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.
