

The 15th Annual Pediatric Emergency Medicine

Update Spring 2013

April 18, 2013 • 8 a.m. to 3 p.m.

Brickhouse Auditorium Children's Hospital of The King's Daughters 601 Children's Lane, Norfolk, Virginia

Overview:

his professional educational conference is designed to provide emergency physicians, pediatricians, family practitioner and other healthcare providers with state-of-the-art evidence-based information in pediatric emergency medicine. The morning session will begin with the 18th Annual Forrest White Visiting Lectureship presented by William A. Woods, MD. Dr. Woods will discuss evaluation of children with short falls as well as review hand anatomy and common injuries.

Pediatric emergency medicine staff from Children's Hospital of The King's Daughters Emergency Center will present a variety of topics pertinent to pediatric emergency care through lectures and case presentations. Topics include, critical illness, asthma, airway management, misdiagnosed rashes and ENT emergencies.

Target Audience

This Pediatric Emergency Medicine Update has been organized to inform the pediatrician, family practitioner and emergency department physician. Residents, nurses and other health care professionals are encouraged to attend.

ACGME Competencies

Medical knowledge, patient care, systems-based practice
