Children's Hospital of The King's Daughters
Developmental Pediatrics
601 Children's Lane
Norfolk, VA 23507

Patients and families,

We are writing to share an update regarding our provider team in Developmental Pediatrics. Our division is experiencing several changes in provider availability, and as we adjust schedules to support all patients, appointment wait times may be longer than usual.

Please know that your child's care remains our highest priority. Our team is working diligently to manage these changes, expand support where possible, and ensure continuity of care for every family we serve. While appointment availability may be impacted, we remain committed to providing the high quality, compassionate care you expect from CHKD.

We sincerely appreciate your patience and understanding during this transition. Your partnership allows us to continue delivering thoughtful, individualized care to each child in our practice.

If you have questions or need assistance with scheduling, please send us a message through the patient portal or contact our office at (757) 668-7473. Our team is here to support you.

Thank you for trusting us with your child's care. We are honored to serve your family and remain dedicated to supporting your child's developmental and behavioral health needs.

Sincerely,

Christine Houlihan, MD
Medical Director, Division of Developmental Pediatrics
