

Mental Health
LIGHTING THE WAY

CHKD's pediatric mental health hospital opens 2022.

Sports Psychologist Southeastern Virginia

Join the Psychiatry and Psychology Division of Children's Specialty Group (CSG) at Children's Hospital of The King's Daughters (CHKD) in Norfolk, Virginia. CHKD is lighting the way to a brighter future for our children by transforming the way mental health care is delivered to children and teens. As part of CHKD's commitment to address a critical mental health crisis among youth, the health system is building a \$224 million, 60-bed mental health hospital, which includes a partial hospitalization program and robust outpatient services.

Children's Specialty Group and CHKD are seeking a full-time outpatient sports psychologist committed to delivering high-quality care to join our growing team.

The psychologist (PhD or PsyD) will provide mental health assessment and treatment as well as performance-focused interventions to children, performing artists, and athletes of all ages including those at the college level. Candidates must possess the consultation and teaching skills required to support interdisciplinary care within our health system. Faculty appointments at Eastern Virginia Medical School are available for qualified individuals.

Experience, Education, and Training Requirements:

- Doctorate in counseling or clinical psychology, either PsyD or PhD from an APA/CPA accredited program, as well as completion of an APA/CPA accredited internship.
- Coursework in the area of sport psychology and prior supervised training and experience working with individual athletes, performers, teams, coaches, administrators, and parents.
- Board certification in sports psychology preferred.
- Experience conducting psychological evaluations and psychotherapy with children, adolescents, and adults.
- Experience and comfort working as part of an interdisciplinary team.
- Must be licensed (or license eligible) as a clinical psychologist by the Virginia Board of Psychology.
- Certification or advanced training in any of the below evidence-based modalities preferred: cognitive behavioral therapy, dialectical behavioral therapy, acceptance and commitment therapy, biofeedback. Advanced training in other modalities also considered.

Children's Hospital of The King's Daughters (CHKD) is a 206-bed freestanding children's hospital and Level I pediatric trauma center that is located in the center of a thriving medical campus. The wider CHKD health system offers a network of comprehensive pediatric services in more than 40 locations across southeastern Virginia and northeastern North Carolina.

Children's Specialty Group, PLLC (CSG) provides pediatric care to patients from southeastern Virginia and northeastern North Carolina. CSG is a physician owned group whose mission is to provide direct high-quality healthcare to children and adolescents, train future clinicians, and conduct research to improve children's health. We are the sole providers of medical specialty care at Children's Hospital of The King's Daughters (CHKD).
