

Breastfeeding Medicine

[Breastfeeding medicine](#) has started seeing patients via telehealth on Tuesdays and Thursdays and in-person on Fridays at CHKD's Health Center at Concert Drive. Brochures are coming soon.

Power Chart Access for Community Providers

Having access to your patient's lab and X-ray records is vital to the continuity of care. Please keep in mind that there is a multi-step process in granting power chart access.

Once you have applied for access, you should receive a follow-up email with important information and a form to sign. After this form is returned to our IS department, it could take 1-2 weeks for access to be granted. In order to keep your access, you must be logging in to power chart regularly.

We are currently looking at how to grant access to nursing staff as well as the providers. More to come.
