

Mental Health
LIGHTNING THE WAY

CHKD's pediatric mental health hospital opens 2022.

Child and Adolescent Autism Psychologist Southeastern Virginia

Join the Psychiatry and Psychology Division of Children's Specialty Group (CSG) at Children's Hospital of The King's Daughters (CHKD) in Norfolk, Virginia. As part of CHKD's commitment to address a critical mental health crisis among youth, the health system is building a \$224 million, 60-bed mental health hospital, which includes a partial hospitalization program and robust outpatient services.

Children's Specialty Group and CHKD are seeking a full-time autism and developmental disabilities psychologist committed to delivering high-quality care. The psychologist (PhD or PsyD) will provide direct care services and supervision for evaluation and behavioral interventions to children and adolescents with autism spectrum disorder and other neurodevelopmental disabilities within a four-bed inpatient unit and a follow-up outpatient clinic. Duties include supervising direct care staff in the development and implementation of behavioral plans, collaborating with the inpatient unit's interdisciplinary team, and supporting and educating parents in group and individual family settings. Faculty appointments at Eastern Virginia Medical School are available for qualified individuals.

Experience, Education, and Training Requirements:

- Doctorate in Clinical Psychology, either PsyD or PhD from an APA/CPA accredited program, as well as completion of an APA/CPA accredited internship.
- Experience delivering treatment to children and adolescents (and their families) with various neurodevelopmental disorders and externalizing behaviors.
- Experience conducting psychological evaluations and differential assessment of children and adolescents with complex neurodevelopmental presentations.
- Experience and comfort working as part of an interdisciplinary team.
- Experience providing clinical supervision to mental health providers and trainees.
- Must be licensed (or license eligible) as a Clinical Psychologist by the Virginia Board of Psychology.
- Certification and advanced training in Applied Behavior Analysis or other intensive behavioral intervention approaches required.

Children's Hospital of The King's Daughters (CHKD) is a 206-bed freestanding children's hospital and Level I pediatric trauma center that is located in the center of a thriving medical campus. The wider CHKD health system offers a network of comprehensive pediatric services in more than 40 locations across southeastern Virginia and northeastern North Carolina.

Children's Specialty Group, PLLC (CSG) provides pediatric care to patients from southeastern Virginia and northeastern North Carolina. CSG is a physician owned group whose mission is to provide direct high-quality healthcare to children and adolescents, train future clinicians, and conduct research to improve children's health. We are the sole providers of medical specialty care at Children's Hospital of The King's Daughters (CHKD).
